INTERESTS OF GERMANY

In Other Countries Now Being Cared for By the United States Would Be Placed In Other Hands—Former Secretary William J. Bryan In Washington Talking Peace.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 21.—Word from Ambassador Gerard at Berlin that he had delivered the American note to the German government and some indication from him as to how it was received were awaited with keen expectancy by administration officials today. Unofficially early today saying that he had presented the communication to the German foreign office last evening and that the chancellor had not yet seen it because of his absence at army headquarters, were read with interest by government officials.

Pending Germany's reply to America's demands that she immediately abandon the submarine warfare, one of the chief concerns of officials here is the possibility of another attack on a ship carrying Americans. It was admitted that an immediate rupture could only be prevented by proof that Germany had been unable to communicate with her submarine commanders.

How long the United States is willing to wait for the German reply has not been disclosed. It is suggested that the German foreign office may be delayed in replying immediately because of a series of religious holidays in Germany which begin today and continue until Tuesday.

Former Secretary of State Bryan also is here in the hope, as he expressed it, of being of some assistance in preserving peace. He continued his conferences with Democratic members of congress today.

Mr. Bryan's view is that "it would be a crime to enter the present war." The former secretary hopes that diplomacy in the submarine controversy will not fail, although his chief concern, he said, is with the problem of diplomacy does fail.

"The responsibility of declaring war is upon congress, not upon the president," declared Mr. Bryan, "and it is fair to assume that when the duty of acting falls upon congress the president will be willing to refrain from embarrassing congress as he was anxious that he should not be embarrassed."

He suggests arbitration of any quarrel that may be had with Germany.

Secretary Lansing who conferred with the president before the cabinet meeting, said he did not expect any action until a reply was received from Germany or unless another ship carrying Americans was torpedoed by a submarine of Germany. He said that in case that diplomatic relations between the two nations were broken, the work of the United States in caring for the diplomatic interests of Germany in other countries in all likelihood would be suspended.

ADDRESS MAKES A DEEP IMPRESSION ON FRENCH PEOPLE.

(ASSOCIATED PRESS TELEGRAM)
Paris, April 21, 5:10 a. m.—The comment of the French press on President Wilson's address to congress may be summed up in these words: "The Petit Parisien prints in large type as a heading over the text of the speech: 'Never has the head of a state pronounced such grave words against a state with which it was not at war.'"

The president's address has made a deep impression in France. All the newspapers give it the place of honor. It overshadows the British cabinet crisis and even the arrival of Russian forces at Marseilles. "The speech is not merely a formal injunction," the Petit Parisien says. "It is a closely knit and stern indictment, pronounced in the name of all neutrals against German barbarity, marking the German government with a brand which nothing can efface."

The Matin characterizes the address as epoch-making.

DUTCH STEAMER SUNK.

(ASSOCIATED PRESS TELEGRAM)
London, April 21.—A Lloyd's dispatch from Ymuiden, Holland, says the Dutch steamship Lodewijk Vannassau was sunk yesterday afternoon. She went down in six minutes. Five of the crew were drowned. Thirty-six survivors have been landed at Ymuiden.

COLLEGE MEN MEET.

Cleveland, April 21.—Fifty college students from Eastern and Western Universities were here today to attend a two-day convention of an organization of college men taking electrical courses. The convention will end with a banquet Saturday evening.

All Together Now, for Newark

Newark can well afford to congratulate itself upon the progress made in the remarkable campaign now on to create for the city the most modern and progressive type of Chamber of Commerce. In a seven and one-half hour canvass 85 loyal and progressive men have given the new chamber a membership and income larger than that of organizations in many cities known far and wide for their progressiveness. And the campaign is still on, and will not end until Newark makes a record for itself that will attract the attention of the entire business and commercial organization world.

Newark's city builders have proved their mettle. Now there is nothing too big for them to undertake if it is for the good of the city. They have learned the great power that lies in organized effort. This same unharnessed power has always been here, but most of the time it has gone to waste. The Chamber of Commerce will keep it harnessed in the future and it will work continuously for the Greater Newark.

A Chamber of Commerce is the foundation for intelligent city building. It is the centralized agency where every man can work for his community's welfare. Individually a man can do but little for his city organized with his fellowmen, he can build a city in a desert.

Never before has there been such a spirit of unity in this city. Opportunity is knocking. Every individual owes it to his self-interest as well as to his community to do his part. If we all do our duty, there will be nothing within reason that this city cannot accomplish.

There are many property owners not yet signed up. Many of them, it is true, have not yet been called upon by committees. As Mr. Stasel pointed out yesterday, no one benefits more from Chamber of Commerce work than owners of property. As the city advances, property values increase. They must do their part in this great forward drive for a bigger and more prosperous city.

Men and women of Newark, let each of us do our full duty in this momentous enterprise. Let us settle once for all the question as to whether or not we are going forward or backward. Let us send out a message to the entire business world that Newark has started a great community-building campaign, and that it concedes greater activity or progressiveness to no city of its class, east or west. The membership, now 441, should be made to pass the 600 mark.

OVERALLS

DONNED BY 7,000 BLUEJACKETS MAKING REPAIRS TO WARSHIPS.

Enlisted Men Employed at the Work Because of Scarcity of Civilian Mechanics.

(ASSOCIATED PRESS TELEGRAM)
Boston, April 21.—Seven thousand and blue jackets at the Charleston navy yard were put in overalls today for the purpose of making the thirty war vessels in harbor ready for sea at the earliest possible hour.

It was authoritatively stated that virtually every ship would be at the top notch of efficiency in fifteen days. The enlisted men are being employed because of the difficulty in obtaining sufficient civilian mechanics. Half of the 7,000 had been recalled from furloughs and shore leaves.

"It is a measure of preparedness," it was officially explained, "the necessity of which was increased by the fact that we have been handicapped for months by a shortage of civilian workmen and material. If we are to make these ships ready for sea at an early notice repairs must be completed soon and it was found that the only way to accomplish this was to put the blue jackets to work. The vessels to be overhauled include six battleships with a total of about 5,000 officers and men; ten torpedo boat destroyers; three scout cruisers, one submarine and several auxiliary ships."

BANQUET DATE CHANGED.

(ASSOCIATED PRESS TELEGRAM)
Lima, O., April 21.—The date of the proposed Jefferson Day banquet for the democracy of Northwestern Ohio has been changed from April 25 to May 5, conditional upon the acceptance of Senator Atlas Pomerene to be one of the principal speakers.

STREET CARS COLLIDE.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, April 21.—Five persons were slightly injured here today when two street cars collided at the intersection of Broadway and Harvard avenues. The cars were badly damaged.

NO OFFICIAL PROTEST.

(ASSOCIATED PRESS TELEGRAM)
Detroit, April 21.—William Livingsstone, of Detroit, president of the Lake Carriers association, declared today that the association had not made an official protest to Washington regarding a report that the Canadian government intended to remove sailors of belligerent nations from Great Lakes steamers touching Canadian ports. He said some vessel owners may have protested.

COAL OIL

USED BY FRANK M. BLAIR INSTEAD OF HIGH-PRICED GASOLINE

To Run His Automobile—Inventor Demonstrates how this Can be Done With Great Saving.

Several years ago, the eyes of the automobile world turned to Newark, when the first Blair truck was introduced to the public. Today, the designer of the Blair truck, Frank M. Blair, is again putting Newark into the limelight, with a new invention that will be of vital interest to every automobile owner in the country.

Mr. Blair was demonstrating to his friends today how he could run his machine with coal oil instead of gasoline. And every man who witnessed the demonstration, declared the gasoline problem has been solved.

The using of coal oil instead of gasoline is made possible by an appliance, which Mr. Blair has invented, and which is applicable to any carburetor. A patent has been applied for the new invention by Mr. Blair.

The new invention means that the high price of gasoline will not interfere with the enjoyment of the autoist, as the price of coal oil is less than half the price of gasoline per gallon. Mr. Blair says he can get from one mile per hour to 60 miles per hour out of coal oil with the acquisition of his invention applied to the carburetor.

CANADA INTENDS TO SEARCH SHIPS ON GREAT LAKES

(ASSOCIATED PRESS TELEGRAM)
Washington, April 21.—The Lake Carriers association today notified the department of commerce it has information that the Canadian government intends in the future to examine all ships on the Great Lakes touching Canadian ports and remove sailors of belligerent nations.

The association protested that exercise of such authority would tie up navigation on the lakes. The protest was turned over to the state department.

EXPLOSION KILLS 20.

(ASSOCIATED PRESS TELEGRAM)
Bordeaux, April 21.—An explosion in the powder branch of a gun factory here today resulted in the killing of twenty persons and injury to a number of others.

LEAKAGE

At Wireless Station Investigated by Department of Justice

FOREIGN COUNTRIES GET INFORMATION

Chief Clerk to Commandant Suspected

REPORT NOT MADE PUBLIC

Clerk Had Room at Same House With Austro-Hungarian Consul at Chicago, But Denied Emphatically That There Were Any Telegraph Instruments in His Home.

(ASSOCIATED PRESS TELEGRAM)
Chicago, April 21.—Results of a department of justice investigation into reports that contents of government wireless messages were reaching representatives of foreign governments through leakage at the wireless stations at the Lake Bluff naval training school near here forwarded to Washington today.

Hinton G. Clabaugh, chief of the department of Justice, declined to say what his investigation disclosed.

"Complaint was made," said Mr. Clabaugh, "that Hugh W. Fischer, chief clerk to the commandant at the training school, where the wireless is located was living in the same house with Hugo Silverthorn, Austro-Hungarian consul. I did find them living at the same house but I cannot say more as to my investigation. Mr. Clabaugh's information also included a story that a telegraph instrument had been heard in the Fischer home."

Mr. Fischer denied that there were any telegraph instruments in his home. Silverthorn said he would welcome an investigation.

QUAKER OATS CO. IS NOT A TRUST, COURT DECIDES

(ASSOCIATED PRESS TELEGRAM)
Chicago, April 21.—The Quaker Oats company is not operating in violation of the Sherman act according to a decision by judges of the United States circuit court of appeals here today. The finding came after two days of argument based upon testimony taken in various cities of the country since the suit was filed in June, 1913.

Judges Julius W. Mack and Francis E. Baker found that the government had failed to make out a case against the defendant but Judge Samuel Altschuler dissented. The jurists were being sitting as a district court in order to facilitate possible appeal of the case to the supreme court of the United States.

ONE OF LEADERS IN PREPAREDNESS WORK

Howard E. Coffin.

Howard E. Coffin, chairman of the industrial committee of the naval consulting board, on May 1 will set in motion 30,000 trained American engineers, whose business it will be to go into the nation's factories, mills and mines and determine just what part the manufacturers of the country can play in the production of munitions and all sorts of war supplies in case this should ever become necessary. There never has been such a vast, flexible and highly trained organization for a similar work in the history of the world, and its foundation is based on patriotism.

NEW PHOTO OF GERMAN AMBASSADOR

Count von Bernstorff.

This new photo of Ambassador von Bernstorff, whose efforts to maintain peace between the United States and Germany are attracting worldwide attention, was taken in Atlantic City a few days ago. Although admitting that the situation is now graver than ever before, von Bernstorff still believes that peace between the two nations will be maintained.

Gratification Felt Over Work of Teams in Getting Members for New Chamber of Commerce

Newark business and professional men are gratified over the showing made by the twenty-two membership teams in securing the membership for the Chamber of Commerce. Many are declaring that it is the finest example of co-operation and spirit in the history of the city, and that it can mean but one thing, a new era of progressiveness for the city. Leaders in the movement are being congratulated on all sides. The city has a new vision of its possibilities through intelligent and well planned organized effort, and there is no reason why Newark cannot become famed for its militant city building.

Although 441 memberships are now signed up for three years, assuring an annual income of \$11,025., the campaign is far from closed, and leaders who set 500 memberships as the limit are now saying that 600 can be reached by the time the organization is well under way.

The spirit of the eight-five workers and hundreds of other men that have come into contact with the campaign has been nothing short of splendid. Men who took part in the campaign declare that each day the work of securing members has become easier, and every where in the city they have met with encouragement.

The entire list of members secured will be published tomorrow in the newspapers, and because a large number of persons have not had an opportunity to sign up one of the memberships, the list will not be turned over to the printers until late tomorrow morning. The campaign committee is anxious to see many additional on this list, before it is published. Those who desire to enroll their names on the first published list are requested to call Campaign headquarters, Automatic 1411, or Bell 535, and an appointment will be sent. Practically all of the committee workers have application blanks in their pockets, and applicants may sign with them.

Next Wednesday will be another big day in the membership canvass. It will be known as "clean-up" day, and workers can sign any person whether they have the card for that person or not. There is much speculation as to how many members will be reported on that day. Only 59 are needed to reach the 500 mark.

Many of the committees will work a part of each day until Wednesday, but all committees will meet that morning at 9:30 at the Newark Trust Building, where the cards of all remaining "prospects" will be called off. They will continue the canvass until noon, where the Committee of eighty-five will make its final report and adjourn sine die. After that the membership list will be continued along other lines.

Not a moment's time will be lost in getting the Chamber of Commerce under way. D. H. McFarland, who has been advising the local committee in the campaign, has completed the original draft of the constitution and by-laws. These are based upon the bureau form of organization. They will be turned over to a committee, and will be finally voted upon by the new organization.

Blanks printed for securing the wishes of members as to their activities in the Chamber. These blanks will be sent out tomorrow. Each member will be asked to check the bureau in which he is most interested. Meetings to form the bureau will be held next week, candidates chosen for the board of directors, and other necessary steps in the formation of the new organization will be taken.

DATA

Bearing Upon Mexican Situation Assembled at War and State Departments

FOR SUBMISSION TO THE CABINET

President Will Review Problems Fully

ANSWER CARRANZA'S NOTE

Head of Mexico's De Facto Government Given Assurance That His Argument For Withdrawal of American Troops Will Be Considered By the United States.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 21.—All data at hand bearing on the Mexican situation was assembled at the state and war departments today for submission to the cabinet today. President Wilson and his official advisers were expected to review the Mexican problem fully for the first time since General Carranza urged that the American expeditionary forces be withdrawn.

It was regarded as unlikely, however, that any important action would be taken by the cabinet pending receipt of full advice as to the military problems the troops have encountered in Mexico.

The Washington government, it is learned, already has acknowledged Carranza's note asking that negotiations for the withdrawal of the troops be taken up. He was assured his arguments were being studied, although there was no indication that a reply stating the position of the United States was being prepared.

A border report that General Herrera had granted use of the Mexican railways to Colonel Brown, and the Tenth cavalry to "withdraw from Parral" was explained today by army officials as merely a movement of the American advance field base near Parral. Secretary Baker insisted there were no orders or information upon which to base a withdrawal rumor. The department had been previously officially advised that Mexican authorities would not object to a base somewhat nearer Parral.

Secretary Baker said Major General Scott, chief of staff, would arrive at San Antonio late today, and that he expected a preliminary report tomorrow on his conferences with General Funston. He is to report where Villa was last definitely located.

TROOPS PREPARED TO AID PERSHING AT ANY MOMENT.

(ASSOCIATED PRESS TELEGRAM)
El Paso, April 21.—Movements of American troops at points along the border to the army base at Columbus, N. M., where they will be held in readiness to reinforce General Pershing's army in case of necessity, continued today. Dispatches from the front indicated that American troops were awaiting developments at Washington before making any further effort to capture Villa.

Officials of the de facto government said there was no basis for the reports that uprisings were imminent in northern Durango and Lower Chihuahua. It was explained at Juarez that the movement of the Carranza troops in the Parral district was not intended as a threat to bar the further advance of the American forces, but that the de facto soldiers had been sent there to provide order and prevent destruction of private property.

Andres Garcia, Mexican consul said today that the work of the American expeditions was concluded and that he hoped that in a few days the order would come from Washington for the troops to be withdrawn.

"We have the situation in hand," said Mr. Garcia. "The Villa cause is broken and if Villa still lives his prestige is destroyed."

The continued absence of any confirmation of the report of the death of Francisco Villa has revived again the popular industry in El Paso of locating the bandit. During the last two days he has been reported successfully from reliable Mexican sources. It is in Durango, Coahuila and Coahuila. His last location was given today by a Mexican railroad man as at San Isidro, a little town about 30 miles south of Parral in Durango.

Little credence is placed in these stories here by Americans and Mexicans, who are in the best position to secure reliable news from the interior. There is a strong belief here that Villa has never been seen south as Parral and that the reason for the outbreak against the American troops at that town was that the Mexicans knew Villa was in the north and concluded that the American soldiers were not pursuing the bandit but were engaged in a veritable invasion of Mexico.

Washington, April 21.—President Wilson today nominated J. H. Huntington for postmaster of Huntington, Va.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

WHEN CROSS, FEVERISH AND SICK GIVE "CALIFORNIA SYRUP OF FIGS."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing until it is, they become tightly clogged to empty the bowels, and the result, waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Just! Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

GOODS PLAINLY MARKED IN NEW CASH GROCERY

People who visit the new Pittsburgh Cash Grocery which will be opened for business tomorrow will observe a new innovation in the operation of grocery stores, in the plan adopted by Hagmeier Brothers to mark every article in the store in plain figures.

Today the store was practically ready for the opening. Shelves have been stocked with a fine line of staple and fancy groceries and every thing in the store is fresh and new. Staple articles usually sold by the pound, have been weighed and wrapped, ready to pass out to the customer or place in the telephone orders.

Display fixtures built expressly for different sorts of goods are placed conveniently in the store. One fixture is arranged for the display and handling of dried fruits; another for several varieties of dry beans; still another for roasted coffees and so on throughout the store.

A fine refrigerator with a large capacity for articles requiring cold storage has been installed and is ready for hard and butter tubs as well as shell and storage space for other perishables.

It will be the policy of the store to handle goods of standard quality and purchases made at one time may be duplicated later with the assurance that the quality is unchanged. The shelves are already filled with standard goods, those advertised daily by manufacturers and producers.

As a feature for Saturday, opening day, there will be a special display of "Piezal" bread and with each loaf a bright colored balloon will be given.

The National Biscuit Company will also make a special display of products at the store for opening day.

With the extensive storage facilities available in the room in the Pythian Building where the store is located, it is possible for the new firm to buy in large quantities, taking advantage of low cash prices and the customer gets the benefit of this saving.

Considered from every angle, the new Pittsburgh Cash Grocery, is one of the brightest and cleanest stores ever opened in Newark.

180 CASES OF MEASLES IN LAST 4 WEEKS

The monthly report of Health Officer Knauss which will be presented at tonight's meeting of the board of health, will show that there have been more than 180 cases of measles in Newark in the past four weeks. There have been two deaths from the disease. According to Dr. Knauss, this disease has been more prevalent this spring than for several years. He says the victims have been both children and adults aged from two months to 65 years.

Scarlet fever has also caused the department considerable work. In the same four months there have been 61 cases of this disease and a large per cent of the cases have been among wage earners. The disease has varied in severity, some of the patients being quite ill while others got off with a light attack. Many of the cases have been traced to the place of exposure showing where the victim worked with or near another who was ill or had been ill of the same disease.

At last night's council meeting the board of health secured a special appropriation of \$250 to take care of the expense of the extra large number of contagious diseases.

Outside of measles and scarlet fever health conditions are fairly good. There have been but five cases of typhoid fever in the four weeks.

R. L. Wilkinson returned from New York this morning.

SCHOOL GIRL FOUND RELIEF

SUFFERED FROM STOMACH,
LIVER AND KIDNEY TROUBLE
—TANLAC RELIEVED IT.

"I Eat Better, Sleep Better and Feel Better—Tanlac Helped Me Wonderfully."

Miss Lizzie Livingston, who is a school girl and resides at 426 Garfield avenue, found Tanlac of great relief to her in a case of stomach, liver and kidney troubles and Tanlac brought relief. Miss Livingston is a daughter of Mr. Aaron, who is employed at Heisey's Glass Works. The young lady says:

"I had stomach, liver and kidney troubles, but since I have taken Tanlac I am greatly relieved in every respect, and my stomach trouble gone. I eat better, sleep better; in fact, Tanlac has helped me wonderfully."

Tanlac is equally as beneficial in catarrh and rheumatism, and has no peer as a spring and nerve tonic and system purifier and strength builder. Tanlac is demonstrated at Hall's Drug Store, and is for sale at Ullica by P. H. Richardson, Granville by W. P. Ullman, Hebron by the Hebron Drug Co., Pataskala by J. R. Strine, Croton by J. W. Haines and at Johnstown by C. S. Howard. (Adv.)

James MacPherson, president for the coming year, presided as toastmaster. He explained that the policy banquet was held to discuss the plans of the coming year. To hear the aspects of Y. M. C. A. work in local respects mainly. He spoke of the wonderful work of last year's cabinet, with J. W. Gainfort at the head. He then called on the following men for speeches:

Dr. H. Rhodes Hurdley, "Y. M. C. A. and the Faculty."
Coach W. J. Livingston, "Y. M. C. A.—the Gymnasium."
Dr. C. L. Williams, "Emphasis of Y. M. C. A. Work."
Prof. T. S. Johnson, "Plans and Specifications."

D. M. Ladd, "Valuation of Y. M. C. A. Work."
J. W. Gainfort, "Linking the Past to the Future."

J. E. Johnston, traveling secretary of college Y. M. C. A. of the state of Ohio.

The following chairmen of their respective committees read their policies for the coming year:

L. H. Winans, head of the social committee, is to be congratulated on a very successful banquet.

In enumerating the various activities and public entertainments of the coming season, mention was omitted of the concert to be given on the evening of Thursday, April 27, in the Denison hall by the Denison university orchestra, under the direction of Mr. Karl Eshman. This promises to be a treat, as the program while conforming to popular taste will be kept within the limits of "good music," and the orchestra of thirty pieces has been thoroughly drilled by this competent conductor. The concert will not begin until after the prayer meetings in the various churches have adjourned, at 8 o'clock.

Among the numbers on the program will be "March of Bacchus," from Sylvia; "Mack Morris" and selections from the "Firefly."

The first local baseball game of the season is being played today on Beaver Field, between Denison and Western Reserve. Game was called at 3:30.

Don't forget to secure tickets for the Glee Club concert tomorrow—Saturday—evening in the Granville opera house.

Miss Laura Cook, daughter of Dr. and Mrs. E. P. Cook of Granville, who is a senior at Wooster received high commendation for the role she impersonated in the class play, "When Knighthood was in Flower," recently given in that city. Miss Cook, as the Duke of Buckingham, gave a character portrayal of an unusually high degree of excellence, according to reports from the Wooster Press Club.

Mrs. Edith Perry who has spent most of the winter in Florida, returned yesterday to her home in West Broadway.

Inspection night at Center Star Lodge No. 11, F. & A. M., was a notable event. There was work in the third degree and a large number of members and guests from the Newark lodges were present. Excellent music was given by a quartet composed of W. P. Ullman, Kenneth Ullman, Harold Kier, and Karl Uhlberg, and an appetizing supper was served during the evening.

Mr. James A. Huston, who has been in Pittsburgh, has returned to Granville for a few days.

The Saturday Story Hour at the Public Library has been changed from 1:30 p. m. to 11 o'clock a. m. Tomorrow Mrs. White will tell of the midnight ride of Paul Revere, illustrating the story with twenty screen pictures.

Mrs. Annetta Jewell of Seneca Falls, N. Y., has sent Center Star Lodge, F. & A. M., an old silk apron with the following history:
"This apron belonged to Lanson Curtis, born in Coos county, N. H., April 15, 1791; moved to Zanesfield, O., in 1813; member of Ohio Legislature in 1842 and 1843; moved to Columbus, O., 1843; married Mary Harris Phillips, April 15, 1843. His son Lanson Grapes Curtis was born Sept. 6, 1845. Lanson Curtis died Feb. 6, 1850. Lanson Grapes Curtis married Annetta Rainier Stage May 10, 1871. Their son, Lanson Stage Curtis, born December 14, 1873; joined Center Star Lodge F. & A. M. of Granville, O., Oct. 3, 1895; died at Seneca Falls, N. Y., May 15, 1897. It was his request that this apron, after his death, should be given to the lodge of which he was a member. Presented by his mother, Annetta R. Jewell, March 1, 1916."

The apron will be framed and placed in the lodge room. The history above will be printed on a card and put inside the frame. Lanson Stage Curtis was a graduate of Denison University and a member of Beta Theta Pi fraternity. The present chapter house at the corner of Elm and Mulberry streets, was re-

built after the fire as a memorial to him, by his mother.

Rev. J. E. Geil and Mrs. Geil, who have been engaged in missionary work in Belgian Congo, Africa, for the past three years, left the Congo homeward bound on February 12, on account of the serious illness of their baby daughter. Mrs. Geil's mother, Mrs. S. H. Rockwood, of this place, has been looking for their arrival during the past nine weeks, and had become almost distracted at not hearing from them. Saturday, in answer to a cablegram, the message came that the baby passed away soon after they started for America. Mr. and Mrs. Geil turned back and are still in Africa.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

How About It?

It is denied by Governor Willis that he is using the state liquor licensing law for partisan ends and to build up a personal machine. That's very good and proper. But how about this case: On Friday, April 14, Elmer Ottino, of Portsmouth, was notified by Governor Willis that he had been appointed "confidential agent" on the state liquor license commission at a salary of \$1200 and expense. Who is Ottino? He is a politician of Portsmouth who was named last August to a provision place in the state automobile department. When the time arrived in February to be examined in competition Mr. Ottino declined to submit to any such foolishness. Consequently he was ousted on April 1 by the state civil service commission. At once the Republican organization in the sixth and tenth districts got busy in his behalf. He was endorsed by Congressman Charles C. Kearns and State Senator W. D. Tremper and also by Representative William R. Sprague. The governor gave the matter his personal attention and Ottino despite his failure to qualify, was given this \$1200 job as a peace offering to the ward and precinct workers. In communication to his supporters in Portsmouth, Mr. Ottino declares that it did not been for the Republican organization's work he would not have been appointed. The records fail to show that Ottino took any person's place. Therefore it is fair to assume that the job was made for him and that he will reciprocate on primary day by delivering his friends to the governor's cause.

Easter Fashions and Music.

Popular festivals always give indications of human nature. It is interesting to compare ancient observances of Easter with modern celebrations. One can form impressions whether amid changing manners, human nature has really changed.

In some old cathedrals, we read, church dignitaries used to play a kind of solemn and symbolical game of ball. Grave and rhythmical dances were common. In some places there were farcical exhibitions and the clergy told jokes from the pulpit. All which was supposed to express Easter joy.

As one today looks over the parade of spring hats and gowns in any large city, there is great evidence of superficial refinement. But this elaborate dressing appeals to something in human nature quite as primitive and barbaric as anything that used to come out.

As respects music, the modern

(time he will have to cool his heels in the ante-room waiting their pleasure and their decision.

Some National Conventions are politics, but this one is business. It will be governed by nothing except business considerations. By the time it meets, the men in control will know precisely what can be expected of Wall Street, what can be expected of the monopoly tariff industries, what can be expected of Big Business, what can be expected of the railroads, what can be expected of the great banking-houses and what can be expected of all the privileged interests that sit by proxy in the councils of the Republican party. Incidentally, they will know whether the ticket will gain or lose by taking Roosevelt, and that factor will be considered for what it is worth.

Roosevelt has now taken the lead in attacking the Administration in the hope of proving that he is the logical candidate. He may make himself stronger and he may make himself weaker; but whatever he says or does publicly, he cannot force the hand of the Republican organization.

The men who dominate the machine have quietly and unostentatiously made themselves masters of the situation. They will rule at Chicago. The platform will be their platform. The issues will be their issues. The candidate will be their candidate, and the bargain will be their bargain.

That is why we think Roosevelt will be nominated. Hughes will not make the deals that must be made or accept the terms that must be accepted. Roosevelt will. Therefore, by the logic of events, Roosevelt is the man.

Spirit of the Press

The President's Note.

The president's statement of incontrovertible fact, embodied in his note to Germany and his address to congress, is so convincing and so true, that it will line-up beside him every American possessing patriotic instinct. Those who assume any other attitude in this grave crisis, must be influenced by racial or personal reasons quite antagonistic to the spirit of staunch Americanism.—Columbus Dispatch.

Borah's National Guard Criticism.

The National Guard of Idaho comprises a total of 914 officers and enlisted men, which may explain somewhat Senator Borah's magnificent disregard of consequences in his criticism. Much of it very true and highly intelligent, of the organized militia of the States of this American Union. A critic of his caliber was needed.—Springfield Republican.

Germany's News Censorship.

The theory adhered to in official circles in Berlin that the scarcity of trustworthy news in the German Empire is due to the villainy of the British and the weak indifference of the Americans is one of the delusions by which an intelligent people are persuaded to accept the censorship. Germany would have all the current information that anybody else possesses if its newspapers were at liberty to print it.—New York World.

MORE DESTRUCTIVE THAN ANY WAR

Preventable Disease Kills Tens of Thousands Where War Kills One

At a recent meeting of a mothers' club the head of the health committee made some startling statements in comparing the death rate from causes due to preventable disease to the mortality in the great European war.

She showed that the great majority of human ailments are due either to unwise eating or to incomplete elimination of wastes, and urged that mothers should watch their children and see to it that they did not violate the laws of health.

She called special attention to the value of castor oil as nature's remedy for constipation. The healing properties of castor oil are universally recognized and it doesn't form a habit.

The distasteful features of castor oil have all been eliminated from CASTOR-JEL, which is 94 per cent castor oil with a delicious orange flavor added, and there is no trouble in getting either children or adults to take it. On sale at R. W. Smith's and R. F. Collins' Drug Store, The Castor Produce Co., Cleveland, O.

But then, as far as that is concerned we all love to give advice, but, holy smoke, how we hate to take it.

Did You Know
That emery is found in the island of Naxos, in Sweden, Saxony, Spain, Greenland and Massachusetts? It is composed of aluminum, ferric oxide and small quantities of lime, silica and water. It is used as a polishing material for plate-glass, crystal, japidaries' work, metals, and in cutting granite and marble. It is prepared for use by breaking with hammers, crushing with steel stamps and sifting. Combined with leather emery powder is formed into grinding wheels, hones and similar instruments.

The Poetry of Gardening.
It is said that Shakespeare gardens will be a fad this season and seedmen are making up packets of seeds of flowers mentioned in his plays. Among these are carnations, columbines, daffodils, hare bells, delphinium, marigold, marjoram, pansies, peas, pink, peonies, poppies and violets. There will also be cuttings of musk, damask and York and Lancaster roses, and bulbs of narcissus and madonna lilies.

Rippling Rhymes

Tomorrow.
Perhaps there'll be sunshine tomorrow; today things are dismal and grim; my cup and my saucer of sorrow are bitter and full to the brim. What comfort a fellow can borrow, when life seems depressing and gray, by betting his hat that tomorrow will be quite a change from today. Today it is sloppin' and mad-dy, today there is water to burn; and I'm grubb'n here in my study, and using such language as "damn." The rain, it is sebbin' and swashin', the

wind maunders by with a moan; and I, who had planned to go fishing, look out at the climate and groan. I weep as I empty the chalice of bitterness, down to its dregs; for if I went fishing, with malice rheumatics would camp in my legs. But there will be sunshine tomorrow, the skies will be glittering blue. There's nothing so transient as sorrow, when once we remark to it "Shoo!"

The Joys of Spring

You can multiply them if your starting and lighting system is on the job, rain or shine.

But a slight touch of "Spring fever" in your battery can stir up a lot of annoyance if you let it go.

We're here to keep storage batteries full of "pep." When we charge a battery, repair it or just inspect it, you may be sure the work is done right. Drive around to see us—it will pay you just to know us.

Free inspection of any battery at any time.

TRAINED ANIMALS GREAT FEATURES OF SPARKS SHOW

The management of the Sparks Shows have made it a study for years to give a circus program replete in all particulars, and knowing full well the importance of some high-class animal acts on the program, have this year imported from Europe several acts that cannot fail to create a sensation. The acts imported from across the ocean this season include a spectacular equine drill and pyramid performance by a group of Arabian stallions that is said to be the most beautiful piece of horse training ever attempted. The herd of performing elephants under the direction of their famous trainer, Louis Reed, will produce groupings, pyramids and maneuvers heretofore thought impossible. A group of forest bred African lions will also hold an important place on this interesting program on account of the wonderful control their trainer, Mr. Fritz Brunner, has over these really ferocious man-killing beasts. The extensive menagerie carried by the show also affords unusual interest to those who are fond of studying animal life. In it are presented many new specimens hitherto unknown to the zoos of America. Besides the trained animals some

of the world's greatest gymnasts, aerialists, acrobats and equestrians have a place on the bill, and after the grand opening spectacle, which is brilliant in its coloring and massive in effect, the program will go forward with so much vim and vigor, the acts will all be of such a high order and classified to such a nicety, that the most critical audience cannot help but be pleased.

The Sparks Shows will give two complete exhibitions in this city on Tuesday, April 25 at the show grounds known as the Jefferson street show lot.

25 Years Ago

(From Advocate, April 21, 1891.) At the City Council meeting last night Mr. Thomas J. Gainer was elected president and Joseph Kuster, secretary. The announcement of the death of Mr. E. D. Everts this morning, caused profound sorrow. The members of the Board of Education were banqueted by the retiring president, Mr. W. E. Miller, who was presented with an elegant testimonial as a slight token of the appreciation in which he is held.

15 YEARS AGO TODAY.

(From Advocate, April 21, 1901.) There will be 41 in the high school graduating class this year. There will be a meeting of the Woman's Guild at the home of Mrs.

L. B. Wing on Monday afternoon at 2 o'clock. Mr. Walter Ball will be heard for the first time in this city this evening at Taylor hall.

The World War a Year Ago Today—April 21.

The British claimed to have sent 750,000 soldiers to the war fronts in Belgium and Turkey. President Wilson officially notified Germany that this country would not stop the exportation of arms and ammunition. Both Germany and Great Britain claimed success in German Africa. Germans made vigorous attempts to recapture hill 60, in Belgium, which the British captured on the 17th.

NO NEWS FOR MONTHS.

(Associated Press Telegram) Port Clinton, O., April 21.—Captain Chauncey Fitzmorris, light-keeper on West Sister Island in Lake Erie, received his first news of the chase after Villa by American troops when he came to shore a few days ago after being confined to his island quarters since December 1. During this time he had not seen a newspaper nor communicated with the outside world in any way.

HOW TO USE ROADS, TOLD ON PLACARDS BY COMMISSIONER

Columbus, April 21.—How to use public roads so that wear will be evenly distributed and ruts will be avoided, is illustrated in placards which State Highway Commissioner Cowen will distribute soon to automobile clubs, garages, livery stables, and other places where vehicle drivers will see them. This is the first step in a State-wide "anti-rut" campaign which Commissioner Cowen has instituted in an effort to effect a substantial saving in the road repair fund.

"A good road will last much longer under heavy traffic if the road is properly used by the traveling public," said Mr. Cowen. "Good roads go to pieces when traffic concentrates in a single track and thus ruts the roads. The ruts hold water, which seeps through into the sub-grade and softens it. The road crust then gives way under heavy traffic, and thus many holes are formed."

"It is my purpose to acquaint drivers of vehicles of these facts and to remind them by 'anti-rutting' cards which will be distributed. Signs cautioning against rutting also will be placed along the roads. A few experiments made last summer convinced me that the practice is valuable and can be executed with but small cost."

CLEVELAND'S GROWTH.

(Associated Press Telegram) Cleveland, O., April 21.—A steady continuous growth in Cleveland is indicated by statistics covering the period from 1900 to 1915 which follow: June 1, 1900, the city's population was 284,111; April 15, 1910, 560,663; July 1, 1911, 580,398; July 1, 1912, 596,970; July 1, 1913, 622,699; July 1, 1914, 639,431, and April 15, 1915, 701,803. These are city directory figures. United States census figures place Cleveland first in point of population and first in the number of homes owned by their occupants, in comparison with the following cities: Cleveland, 35.2 per cent; Buffalo, 34.2; Baltimore, 33.7; Pittsburgh, 28; Philadelphia, 26.6; Chicago, 26.2; St. Louis, 25; Boston, 17.1; New York, 11.7.

OLD METHODIST BOOK.

(Associated Press Telegram) Leipsic, O., April 21.—Rev. Geo. B. Wiltzie, pastor of the Methodist Episcopal church here, has a book which was printed in 1813 which he used in a recent sermon. The book tells of the first Methodist conference, then called conversations, and of the election of Bishop Asbury.

Council Cautioned Against Extravagant Expenditures for Improvements by City Auditor

City Council was warned last night by Auditor Dodd of the danger of going too far with the craze for public improvements. The auditor, in a short address called council's attention to the fact that the present tax levy was 13.6 mills and that the limit was 15 mills. He recalled that the safety department had requested an increased levy for next year and that it council hoped to keep the levy within the 15 mill limit it would be well to stop long enough for a reckoning, and learn how far council already had proceeded toward this limit.

This matter, with the adoption of a resolution to investigate the fire trucks, the receipt of two communications condemning the Hudson avenue bridge, the passage of preliminary legislation to re-pave East and West Main streets, between the Pennsylvania crossing and Raccoon creek bridge as well as several intersecting streets constituted the most important matters brought before council.

The meeting was a long one, despite the fact that councilmen broke a record by going into action before 8 o'clock. This probably was due to the fact that most of the business was prepared for Monday night's meeting and was held over when that meeting was adjourned to allow members to attend the Chamber of Commerce meeting held on the same night.

The special committee appointed to investigate the appointive positions of Safety Director, Cecil B. Beebe, reported that it believed the director acted within the law if he fairly. The committee found that on April 4, the director accepted the resignation of Officer Corder who was submitted two months before. He gave as his reason for holding up that Corder was a good citizen and that the director hoped that Corder would reconsider his resignation.

On the same day, the director accepted the resignation of Officer Corder who was submitted two months before. He gave as his reason for holding up that Corder was a good citizen and that the director hoped that Corder would reconsider his resignation.

The committee's report was read and the city clerk reported that the city clerk had received a letter from the city clerk.

due to the lack of sewer facilities off of South Second street and the lack of a plumbing code as suggested by the state board of health. Both were referred to the service committee.

The Jefferson Land company offered for Council's approval, a plan of the company's second addition to the city.

An ordinance by Messrs. Adams and Stasel appropriating \$250 for the health department, declared an emergency measure, was passed on suspension of rules.

An ordinance by Mr. Knauer, authorizing the mayor and auditor to borrow \$500 for sidewalk construction, in anticipation of the collection of special assessments, was passed on suspension of rules.

Mr. Knauer's ordinance to proceed with the Franklin avenue sewer was passed on suspension of rules. His ordinance determining to proceed with the Harrison street sewer, was referred to the street committee.

Mr. Adams' ordinance to proceed with the paving of Eleventh street from Main to Granville street, was given a first reading.

Mr. Knauer's ordinance to proceed with the construction of the Gorman avenue sewer was passed on suspension of rules.

Mr. Knauer's ordinance to issue notes to borrow money for the city, was passed on suspension of rules.

A resolution by Mr. Knauer, authorizing the Franklin street car line to hold a street race, was given a first reading.

Mr. Alexander voted against the suspension of rules and Mr. Jones voted in favor of it.

A resolution authorizing the auditor to pay three months salary for the safety department in 1915 was adopted on suspension of rules.

Mr. Pease's motion for a resolution directing the president to appoint a special committee to investigate the condition of the city streets at headquarters, was referred to the committee.

The cheapest and only up-to-date grocery in the city. Get your pass-books and compare our prices with what you are paying for the same class of goods. We guarantee to save you from 25 to 35 cents on every dollar. Turn over a new leaf and buy for cash—the only way to do business and save money. We don't have two or three articles marked low as leaders, but you will find upon investigation that we sell all goods lower than any house in Marion. Give us a trial order and be convinced.

During these times of high cost of living, every housewife has need to save pennies and dimes—it's the pennies that count. If you can have a penny on every article you buy, we know you will appreciate it, and we can save you more if you will only take the time to read this price list. Don't throw it away, read it carefully, it is our silent salesman, is always truthful, is always polite, never takes up your time when you need it. We want every good customer in Newark. We want to treat you so that you will come back again. Take this price list and compare it with other prices, not only on a few items, but everything in our line. GERMANY IS TO ALLOW SHIPMENT OF DYESTUFFS

Washington, April 21.—State department officials were preparing today to make representations to Great Britain to insure the safe arrival in the United States of 15,000 tons of dyestuffs from Germany. Notice that the German government had agreed to permit the shipment came in a note presented to Secretary Lansing by Ambassador von Bernstorff.

Germany at first declined to permit shipments of dyestuffs unless in exchange for American goods, now excluded from Germany by the British blockade. The note says, however, that Germany in realization of the fact that the blockade has seriously affected American textile manufacturers in need of dyestuffs, now agrees to permit a single shipment, with the understanding that it is not to be re-exported to Great Britain or her allies.

The concession made by Germany, resulted from a long series of negotiations between the two countries.

FRENCH HYDRANGEA ATTRACTS ATTENTION AT SPRING EXHIBIT

French hydrangea, a comparatively new potted plant in this part of the country, is attracting much attention at the annual spring flower show at Paul M. Halbrooks' green houses. This variety in a multitude of delicate tints and sizes is not the only variety which is attracting attention, however. The green houses are filled with beautiful flowers. Visitors at the place yesterday were shown into the cold storage rooms, where great crates of tulips, hyacinths and other popular Easter flowers have been made ready for the heavy Easter demand.

"I have been fortunate in being able to develop my blooming plants at just the right time for the Easter demand," said Mr. Halbrooks. He explained that the lateness of Easter this year troubled florists considerably to prevent maturity of blooming plants too early.

In the last few months a new boiler house has been constructed and new boilers installed, new out door beds built and put into use. Yesterday the helpers at the green houses were potting chrysanthemums which will be developed in time for the fall show at the green house.

Hot Water the Best Liver and Bowel Medicine

says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath claimant; this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, a sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

A resolution to construct sidewalks on a large number of streets was adopted on suspension of rules. Mr. Keyes offered a resolution instructing the engineer to prepare plans for the paving of Neal avenue. It was adopted.

Mr. Curry's resolution directing the engineer to prepare plans for a sewer and paving in Evans street, was adopted. His resolution declaring it necessary to pave Oak street was given one reading.

Mr. Knauber's resolution declaring it necessary to pave Wyoming street was adopted on suspension of rules.

Mr. Knauber's resolution to repave the streets in the central part of the city, was passed on suspension of rules.

Resolutions on second reading for sewers in the South Second street district, was adopted.

President Keller appointed Mr. Beadle, Dr. Shriver and Mr. Adams as a committee to investigate the fire trucks.

Under the head of miscellaneous business, a special committee appointed several months ago to consider several propositions to extend and widen certain streets, made a lengthy report to which was attached letters from property owners interested.

The committee reported that Kib-

ber street had never been dedicated to the city and that until this was done the city could take no action toward widening the street. It recommended that no action be taken. That part of Central avenue which residents ask to have widened, had never been dedicated to the city and the committee thought that the property offered to the city was priced too high. It recommended no action be taken. The committee recommended that the alley between High and Chestnut streets be paved. Regarding the opening of Burt avenue, the committee recommended

that the solicitor be instructed to take the necessary legal action to condemn the property needed. It reported that the price, \$1000, asked by William F. Weakley for a 23 1-2 foot strip for the opening of the street was too high. The report recommended the acceptance of the proposition of Frank and James J. offering property for the opening of German street. Regarding the new street proposed in South Fifth street, the committee recommended the condemnation of sufficient ground for this purpose. The report was received and filed.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Dandruff at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

MARINES SENT TO PROTECT WIRELESS.
(Associated Press Telegram)
Washington, April 21.—Marines from the Philadelphia and Brooklyn navy yards have been sent to the wireless stations at Tuckertown, N. J., and Sayville, N. Y., it was said today to insure adequate protection. The German situation, it was said, was not alone responsible for the decision. No change in the present policy concerning wireless communications was contemplated said Mr. Daniels.

PLAN CHANGED AFTER ATTACK BY MEXICANS

PARRAL FIGHT PUT AMERICAN MILITARY LEADERS UNDER SERIOUS DIFFICULTIES.

Had Only Expected to Fight Bands, Not Organized Troops of Mexican Army.

(ASSOCIATED PRESS TELEGRAM)
Pershing's Camp, at the Front in Mexico, April 15, via Aeroplane to Columbus, N. M., April 21.—The fight at Parral, where, according to indisputable evidence reaching here today, Carranza troops in force attacked the cavalry command of Major Frank Tompkins, has changed the entire aspect of the Villa chase so far as immediate military plans are concerned. This attack upon an American force which went in perfectly good faith into Parral in the most friendly fashion, blocked what seemed to be an excellent opportunity for either the capture of Villa or the dispersal of one of his strongest bands.

Heretofore, the American troops have reckoned only in meeting opposition from brigands, but resistance from regular armed troops of the Mexican army, put the American military leaders immediately under the necessity of preparing for serious difficulties. Whether these preparations will have to be completed depends upon the future course of the Carranza faction. It can be stated that within a few hours after the Parral fight, the new disposition of American troops was partly completed, and within two days its most important features had been entirely carried out.

On April 12, about noon, Major Tompkins of the Thirteenth cavalry who chased the band across the international line at Columbus, N. M., went into Parral with only a small portion of his force, which totalled about 15 men, including a pack train outfit. He had troops M and O, of the Thirteenth.

Major Tompkins had taken precaution the night before, to send word by a messenger to the president of Parral, Luis Herrera, that he would call upon him next day to arrange for buying provisions and to have the Parral military officials designate some camping place for the Americans outside of Parral in accordance with the agreement by which the American troops are not to occupy Mexican cities. Major Tompkins left most of his men outside of Parral, but took his advance guard into the city during his call. The presence of this guard was both a military precaution considered necessary in a country credited with being strongly Villa inclined in sentiment and also was the usual formal escort occupying commanding officers, when, according to Mexican customs, they pay official visits.

The president said he had not received the message which Major Tompkins had dispatched. The messenger was a Mexican, a Carranza petty officer. After the Parral fight the authorities claimed to have discovered that this messenger had been captured and killed by Carranza men on his way to Parral. The conference in the city with the president and with the Carranza general, commanding in Parral, General Lozano, was pleasant. Promises were made to sell the Americans food and to show them a good camping site. Immediately the American started out of the city accompanied by Herrera and Lozano who were riding with Major Tompkins.

When the Americans were out of the town the pack train heard a firing. Looking back he saw that some one in the town was shooting at the pack train. He had heard shouts of "Viva Villa" and "Viva Mexico," and curses against "Gringos."

Major Tompkins turned to the Carranza leaders and asked them what they knew about firing on his pack train. General Lozano and the president hurried back toward the town to stop the shooting.

The Americans were in a column formed for defense when this firing began, a forming which Major Tompkins had ordered as he heard the shooting against his pack train, which had been five or six hundred yards to the rear. Both of the soldiers killed in the action were near Major Tompkins.

As the fire became general, Major Tompkins and the men of his command could see some of their assailants. They were the khaki uniforms which are customary among Carranza soldiers. Major Tompkins discovered one column of these uniformed men moving out to cut off the road to the east and to the north, where he would have to retreat to escape from the pocket at the camp site. He shouted to these men to get away from the road. When they did not heed his warning the American commander wheeled on his horse, and ordered his men to reply to the fire.

Sergeant Jay Ridgley of Troop M, Thirteenth cavalry, was the first American to fall, as he rode, firing, near Major Tompkins. The sergeant's body lay all day where it fell in the road, as his comrades were too hard pressed to pick it up. A bullet struck Major Tompkins in the left breast. The wound was slight, according to military standards, and the major continued fighting all afternoon and until yesterday, when reinforcements under one of his superior officers arrived to relieve him.

distance of fifteen miles on a road bordered by bushes and hills, affording good cover for pursuers. During all this time the American troops repeatedly caught sight of men in Carranza uniforms, shooting at them, but saw few, if any, civilians.

After moving out from the train of hills where the fight began, Major Tompkins formed a line of dismounted men, well spread out, across the road and on adjoining eminences, who retreated the attackers until the pack animals and stores had time to get back toward the American rear.

Repeatedly during the afternoon this defense line continued to form, to fire from the cover of rocks, ploughed ground and ditches, and then fall back to its horses for further retreat. The Americans had no machine guns, only their pistols and rifles, and every man was instructed to save his cartridges until he could make them count.

During one of these defenses, Private Herbert Ledford, Troop M, the Thirteenth cavalry, was shot in the hand. He continued to fight. Late in the afternoon, his hand had swollen and almost useless, but still fighting, he was shot dead off his horse, a bullet passing through his chest. His body lay in the road, but at all times under cover of such an effective American fire that it was not molested. Ledford's home is in Cincinnati.

The other Americans wounded during the afternoon fight were Corporal Benjamin McGehee, of the Thirteenth cavalry, shot in the mouth, Corporal Walter E. Williams,

SAYS DRINK LEMONADE FOR RHEUMATISM

Relief from rheumatism and sciatica can be obtained by drinking lemonade and avoiding alcoholic drinks.

To get rid of this stubborn disease, however, to stop the twinges, pain and swelling, and drive the poisonous accumulations from the joints and muscles, all generously-inclined druggists will tell you to take half a teaspoonful of Rheuma daily until all misery ceases.

Rheuma is a powerful remedy, because only a powerful remedy can overcome such a terrible disease; but Rheuma acts speedily—the first dose taken and you'll know that you will soon be your healthy, happy self again. T. J. Evans and all druggists know what Rheuma will do, for they sell a great deal of it and guarantee that two 50-cent bottles will overcome rheumatic agony or money back.

him, Troop M, Thirteenth Cavalry, shot in the calf of the left leg, Corporal Richard Tamous, Troop K, Thirteenth, shot twice in both elbows and forearm, and Private L. M. Schenberger, Troop K, Thirteenth cavalry, who suffered a slight wound in the left hip.

As the Americans fell back, Major Tompkins finally ordered that only the expert rifle shots among his men should reply to the Mexican fire, as the cavalrymen were not hard pressed.

ed, and as he wished to save ammunition.

The Mexicans did not press them in this village but continued firing until 6:50. At that hour all shooting ceased.

Immediately a mounted man bearing a flag of truce approached the American lines and was taken to Major Tompkins. In the Mexican lines bugles were blowing the military call for cavalrymen. The truce messenger brought word from General Lozano who was at that time in the Mexican lines a short distance from the Americans. Lozano's note suggested that he was unable to control his men. Tompkins replied immediately and quickly, there came another flag of truce from Lozano who still was at the Mexican front. This second messenger brought a demand from Lozano that Major Tompkins withdraw and threatened to attack him if he refused.

Colonel Brown who arrived at this time with 350 men of the Tenth cavalry and took command, replied that he would not retreat a step from Santa Cruz unless ordered to do so by his commanding officers. To this General Lozano made no reply.

Investigation of the Parral incident showed that while General Lozano himself had a record as a Carranza officer, most of his men were credited with having been former Villa men. The city of Parral was known to be a hot bed of Villa sympathizers.

The direct effect of the Carranza attack on the Americans was to interrupt fast pursuit of Villa which the American columns were making

HOW TO BE SLIM
If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to any good druggist, and get a box of Oil of Kerein capsules, take one after each meal and one before retiring at night. Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

with a handful of men. While they were unable to verify the stories that Villa, wounded on a stretcher, was being carried by his men southward past Parral, they know that an important unit of his forces was fleeing southward toward Durango and they were daily hearing this force of bandits. In order to proceed past Parral, the Americans were forced to buy provisions for men and horses at that town. It was this necessity which led Major Tompkins to open negotiations with the Parral civil and military officials. The concentration of American commands was so rapid after the

Parral fight that at present there is no worry for their safety among officers here.

The day after the fight, President Herrera of Parral sent messengers to Colonel Brown saying he regretted that there had been a fight. He said that he thought the Americans should not have gone into Parral unannounced. Colonel Brown replied by pointing out that the Americans had gone at what seemed a most reliable invitation from Carranza officers and had certainly sent the message to announce their coming. The presidente repeated that Parral civilians outnumbered the soldiers so greatly that they could not be controlled. So far as actual fighting was concerned the Americans asserted that they obtained positive evidence that the Carranza troops were not outnumbered by the civilians and that few civilians participated.

LAST WORKOUT FOR PUGILIST BEFORE MATCH

Jack Geyer, at his training quarters in Columbus yesterday told his friends that he had the greatest respect for Gabe Gulari's left, but that he would beat the man, who now is training in this city for the coming bout. The two men will step into the ring at the East State Street Coliseum, next Monday night, April 24, before the Empire Athletic club.

White Geyer is telling his friends in Columbus what he is going to do to Gulari, the Portuguese heavy weight, is showing the local fans every evening at the Music Hall, what he intends doing. Gulari expects to win before 12 rounds by the K. O. route. That he possesses the left to put over a sleep walk, is shown by the rough manner in which he is handling his trainers.

Another large crowd watched Gulari pace through 11 rounds of work last

night at the Music Hall, and then leave the gym without showing any signs of fatigue. He is on the road bright and early every morning and is a conscientious worker when in training. Gulari will probably be the last work out in Newark as Gulari will go to Columbus either tomorrow night or Sunday.

GIRLS' BASEBALL TEAMS.

Fremont, O., April 21.—High school girls here may have several baseball teams in the field this season if their demand for equal rights for women in the form of a recent request for the privileges of organizing a team, is granted by the faculty. The faculty is understood to look upon playing outdoor games by girls with especial favor and it is believed the girls request will be granted.

New York, April 21.—Benny Leonard of Las Vegas outboxed and outgeneraled Pat Flann of Brooklyn in a 10-round bout here last night. Leonard weighed 155 pounds and Bloom 134½.

YALE SYSTEM OF COACHING IS COMPLETE

(ASSOCIATED PRESS TELEGRAM)

New York, April 20.—Final details of the Yale football coaching system for the coming season have been completed after some months of conference and consideration, with the result that the Yale gridiron machine will make a new start next fall under the direction of experienced player-coaches. What the outcome will be only time can demonstrate. New Coaches and systems are no longer a novelty at Yale and in recent years the changes have not lifted the play of the eleven to the heights reached by the teams of past decades. The personnel of the new coaching group promises well for in Tad Jones, Mike Sweeney, Dr. Billy Bull, Arthur McBride and Clarence Olcott, the Blue has brought together five men who know football both from the playing and coaching standpoint. With Walter Camp in an advisory capacity and William Martin as freshman coach, the circle is well rounded out and should produce results from the very beginning. Yale has the material for a representative eleven this autumn and with co-operation among the candidates, undergraduates and alumni, should prove more formidable throughout the entire season than was the case a year ago.

It must not be forgotten, however, that Harvard will be back to direct a coaching policy which is now firmly established at Cambridge and that "Speedy" Rush at Princeton is well advanced along the same line. Eastern college football has reached the point where it is little short of complicated science and success against well developed systems cannot be achieved in a few months.

Many close observers hold to the opinion that the new group of coaches will not attempt radical changes but rather revert, to some extent, to the system in vogue before the slump of the past. Changes as necessary to bring the play up-to-date will, of course, be installed, the coaches are likely to go back over the past few seasons and pick up the broken threads, as Yale has had a coaching system since 1888.

RESERVE PLAYS DENISON TODAY; TRACK MEET NEXT.

Granville, April 21.—Western Reserve and Denison will open the baseball schedule of the new season here today. Coach Livingston, with six vets in the field, thinks his team has a good chance for victory, but believes there will be a hard battle. Captain Yeakum, Adams or McDonough will do the hurling for Denison. Wooster trackers will meet Denison cinder path men here Saturday afternoon.

End weather has hindered the track men from doing outdoor work on Beaver Field. For this reason they are not in the best of condition. Since Wooster defeated Oberlin in an indoor meet recently, Livingston's speed boys will have to speed some to make the meet even close.

Ladd, c. Thiele, 1b. and Bacon, 2b., are the veterans in the infield this year. Swanson, ss. and Critz, 3b., will occupy the other places. Marsh will likely play in the outfield, but there is some doubt about the other positions. Weak hitting is the big defect in the team play at present and may cost the reserve game.

When he was governor of New Jersey, President Wilson always rode a bicycle.

HAFT SELECTS WRESTLERS FOR TOURNAMENT

H. Lieberman, secretary of the Columbus Y. M. C. A., has compiled the list of Columbus wrestlers who will meet the Newark amateurs in the inter-city tournament between Newark and Columbus, April 22. The bouts will be held in connection with the Paul Bowser-Joe Turner main bout and will in a way be the preliminaries.

The following men will come to Newark to represent Columbus "Y":
H. Wasserman, 115 lb. class.
W. Hoby, 125 lb. class.
H. Lieberman, 135 lb. class.
A. Webber, 145 lb. class.
D. Chenoweth or P. Kolleck, heavy-weight class.

Bowser has not decided just what Newark boys he will select to meet the Columbus mat artists, but he says that he will have the best in his school and for Newark. Medals have been ordered by Bowser and these will give the winners in each class.

SCREEN ALLEYS TO ACCOMMODATE WOMEN BOWLERS

Attention Ladies—The Pastime Bowling Alley company, announced today, that, starting Monday April 24, they would have ready two bowling alleys to be used exclusively for women. Workmen are engaged now in making arrangements for the opening of the alleys to the women of Newark.

Alley number 1-2, have been designated for the women's use and curtains are being placed around the "runways" on the alleys. Women wishing to hold bowling parties or match games, can do so with almost as much privacy as in their homes.

The management is making special arrangements for the convenience of Newark women into the bowling sport, which has become a favorite pastime among women at summer resorts and in a number of the larger cities. The Pastime Bowling company, in its endeavorment to keep abreast with the times in the bowling world, recently decided that Newark women also should be allowed to enjoy the sport.

Bowling is considered by some of leading physicians in the country to be a healthful and beneficial exercise and it is almost a certainty that the innovation here will prove a success. Newark at the present time, has among the male contingent, more than 500 bowlers, ranging in age from 15 years to 60 years.

The screening of the two alleys will allow women to hold private bowling parties and the management assures the women that will not be disturbed or scanned by other bowlers. Several parties have already been arranged for, as soon as the alleys are ready and before long bowling promises to become as popular in Newark with the women, the "beauty hint" column of the daily papers.

PAUL ALTHOUSE

Will be Heard in Concert at Auditorium Theatre, Tuesday evening, April 25th.

Paul Althouse, the young American tenor of the Metropolitan Opera company, who, in three years, has been called upon to create three important roles—Dimitri in "Boris Godunoff," the Duke in "Madame Sans-Gene," and Neipperg in "Madame Sans-Gene"—at the first opera house in the music world, also has in his repertoire "Rosenkavalier," "Tannhauser," "Madam Butterfly," "Pagliacci," and "Cavalleria Rusticana," and others in preparation.

Mr. Althouse created the role of Count Neipperg in Umberto Giordano's new grand opera "Madame Sans-Gene," at its world premier at the Metropolitan, New York, Monday evening, January 25th, 1915. The

Althouse role is one of the most important in this new opera and has added no little fame to this excellent young singer whose acting and singing was a delight to all. "Sans-Gene" repeated a number of times in New York, was included in the list of operas presented by the Metropolitan Opera Company during its spring season in Atlantic.

Aside from his operatic work, Mr. Althouse finds time to make many concert and oratorio appearances both before and after his opera season.

Alhambra Sunday.

The most powerfully appealing and morally uplifting story of the year is embodied in "Souls in Bondage." It is no easy matter to provide suitable material for the proper expression of Miss O'Neill's manifold talents, but in "Souls in Bondage," Dr. Goodman has furnished her with a vital human story which Miss O'Neill declares to be the superior of any feature photograph in which she has yet appeared. "Souls in Bondage" is a story of tremendous heart interest which will make profound impression on all who see this wonderful picture, and by reason of its great humanity which Miss O'Neill so splendidly emphasizes, the story will be beneficial to all, teaching as it does the great lesson of self sacrifice once taught by the Man of Galilee.

Warfield in "Van Der Decken."

One of the most important events of the present theatrical season in Columbus, will take place Tuesday and Wednesday evenings and Wednesday matinee, April 25 and 26, when David Warfield will present David Warfield at the Hartman Theatre in his latest success, a drama in three acts, "Van Der Decken." Mail orders for this engagement are being received now. Prices range from 75 cents to \$2.00.

"Van Der Decken" is based on the legend of the Flying Dutchman, the fascinating tale which has appeared in the folk lore of nearly all the nations of Europe, but which has found its most popular expression in Holland. The story is that of the rebellious seamen who was destined to an eternal roaming of the seas as a punishment for defying the Almighty. The subject has been treated in both drama and opera, but to David Warfield and David Warfield is given credit for endowing the venerable myth with a new setting and intent. For "Van Der Decken" is reported to be a drama with intense emotional appeal, tinged with a deep sense of the supernatural.

As the Vanderfey, lord of the seas, Mr. Warfield is said to demonstrate anew the finely sympathetic quality of his acting. The role is entirely unlike anything this famous artist has portrayed, but by the power of his personality and the quality of his rare talent, he is said to make the character of the ill-fated sailor throb with sympathy and meaning. The production is said to be remarkable for beautiful stage pictures, while Mr. Warfield will have the support of a noted cast, including Marie Bates, Jane Cooper, Ernest Stallard, William Boag, Fritz Lieber, Frederick Graham, Harold Russell, Horace Abraham and others. This is an attraction which should not on any account be missed by lovers of the best and finest in genuine dramatic entertainments. There is only one David Warfield.

Could Handle Troops Quickly. War and rumors of war have greatly interested railroad officials, and yesterday there were many discussions on the movement of troops,

whether they would be ordered East, West, North or South.

At no time in years have the systems that touch Cincinnati been so crowded with business, and, while every provision has been made for the quick transportation of troops if necessary, it is believed this movement would partially cripple freight and passenger traffic.

None of the railroad men were willing to admit that war was a possibility, but all said that if it does come it will find the railroads of the country prepared to handle large bodies of men quickly.

Train No. 110 Delayed. Baltimore and Ohio passenger train No. 110 from Cincinnati was more than one hour late in arriving in Newark today, owing to the engine on the train becoming disabled between Cincinnati and Columbus. Eastbound train No. 16 out of Newark was delayed waiting to make connections with the Cincinnati train.

Forrest Wilson, former well known young man of this city, has opened a large tea and coffee store in Elyria and is meeting with great success. Mr. Wilson, and his wife, nee Nina Wagoner, have returned to their home in Elyria, after visiting friends and relatives here.

Mr. Wilson left Newark a few years ago and after working in Cleveland and several cities surrounding the Sixth City, located in Elyria. He began business on a small scale just recently moved into more spacious quarters. For several years prior to his leaving Newark Mr. Wilson was employed in the offices of the Pennsylvania freight house. His many friends here will be glad to hear of his success in his new line of business.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when resting; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

ENTERTAINMENT AT EAST MAIN SCHOOL IS TO BE UNIQUE

Unusual entertainments are rare, especially when produced by schools and school children. They are apt to be so similar as to become tiresome. "The Awakening of Spring," which is to be given during the coming week by the pupils of East Main Street School, will be an altogether different performance from any ever given in the city.

The East Main street school is one of the buildings in which folk dancing has been taught with much success during the past year. Folk dancing, then, was made the basis of this entertainment. A charming little story was woven around these dances, attractive choruses introduced, and the whole affair is as unique as it is delightful. The story is a pretty little tale full of fairy spirit and the lure of spring. The Fairies and the Forest People meet to choose their queen. Each season presents herself, with her gayest holidays, but the Forest Folk with one accord choose Spring.

They crown their beautiful queen and in honor of her coronation join together in a revel. To this joyous carnival come little "Earth Children"—Scotsmen, who dance a Highland Fling, with a dash and spirit that makes one think of the heather and the blue bell; sailors, who do a hornpipe with vim, and all sorts of interesting little people.

Summer seeks the life of the fair queen, Spring, but the Forest Folk refuse to have their queen slain and decided to go far away to some place where it may be "springtime all through the year." They come to this decision in a rollicking chorus that leaves one with the delightful feeling that he has played a trick with the years and is once more a joyous little chap.

Perhaps the most interesting feature of the whole entertainment is the dance, "The Piper of Pan," which has never been given in the city before. The "Dance of the Dryads" is a beautiful dance, while the Fairies are wonderfully graceful in their pretty frolic. The Minuet, which is always attractive, is presented in an unusually dignified manner.

The costumes are pretty and the enthusiasm of the young people, who participate, makes this a truly remarkable affair.

Over 11,000 people are employed in the carpet industry in Philadelphia.

EARLY MORNING FATIGUE

When you awake in the morning feeling tired out, feeling worse in fact than when you went to bed, you are confronted with one of the characteristic symptoms of neurasthenia. It is due to the run-down condition of the nerves that rest does not bring renewed strength and sleep refresh the tired brain. Overwork and worry are the most frequent causes of this condition. Neurasthenia is the name given to this common form of nervous debility in which the power to recuperate is gone.

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones, have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worth a trial.

Dr. Williams' Pink Pills are sold by druggists everywhere or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for free book on the nerves.

TWO DOORS WEST OF SQUARE

Remedy Prescribed by Many Doctors

Compound of Simple Laxative Herbs Proves Most Efficient.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition of life.

The congestion of stomach waste in the bowels is evidenced in various ways, bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St. Grenada, Miss., writes that he

MR. CHAS. SCHELL.

found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 154 Washington St., Monticello, Illinois.

FARM HANDS NEEDED.

(ASSOCIATED PRESS TELEGRAM) Toledo, April 21.—Farmers in northwestern Ohio are in great need of men for work on farms, according to Superintendent George F. Reiser of the state free employment bureau. A large number of applications for farm hands is on file, he said today, many of them exceedingly attractive, which cannot be filled. Shortage is due to big inducements offered farm lads by city industries, Reiser said.

50,000 VOLTS THROUGH BODY. STUDENT STUNT.

Columbus, O., April 21.—Lighting an incandescent bulb by touching it while 50,000 volts of electricity passes through his body will be a stunt performed by Julius J. Hoerath, a senior electrical engineering student at Ohio State university, as a feature of the electrical show to be given at the university April 27, 28 and 29.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at the drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, the hair becomes beautifully dark, thick and glossy, and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet preparation. It is not intended for the cure, mitigation or prevention of disease.

MT. ZION

The following persons here had the Citizens telephone installed last week: Messrs. John Wolfe, Lawrence Green, Steven Underwood and Martin Ashcraft.

Mrs. Margaret Hayden traded her farm here for Mr. Steven Underwood's property, in Bladensburg. Each moved last week. The farmers here are very busy getting their ground ready for the spring crops. The house cleaning fever has seized the good dames and the annual raid on dust and dirt has begun.

Mrs. Lawrence Green is able to be out again after a long illness of pneumonia.

Miss Gertha Hall spent Saturday with Mrs. Grover Harris.

Messrs. Howard Donahay, Roy Scoles and Clark Schooler assisted Mr. and Mrs. Percy Donahay in moving to Danville last week.

Mr. Ray Harris made a business trip to Utica Friday.

Mr. and Mrs. Grover Harris spent last week with Mr. and Mrs. George Harris.

Miss Clarice Hull of Bladensburg spent part of last week with Mr. and Mrs. Steven Underwood.

Mr. John Wolfe was a business visitor at Millwood, Wednesday.

Mr. Roy Scoles and family spent Sunday with Mrs. Leuna Donahay.

RUSSIA CLOSES ARCHANGEL TO SHIP CARGOES

(ASSOCIATED PRESS TELEGRAM)

New York, April 21.—The Russian government's decree closing the port of Archangel to all ship cargoes except those exclusively for use by the government has been broadened to include all White sea and Arctic ports. It was made known today at the office of the Russian commercial attaché here. No official explanation has been received in New York as to the reason for the decree. One interpretation advanced in marine circles is that the order has to do with the movement of Russian troops to France.

It was said here today that the Russian embassy in Washington will soon issue a statement indicating just what ship movements to Russia are to be permitted under the decree.

STRIKERS ARE TO RETURN TUESDAY. GET AN INCREASE.

(ASSOCIATED PRESS TELEGRAM)

Toledo, April 21.—The strike of 300 laborers at the plant of the National Malleable Castings company which caused idleness of 1200 men for lack of helpers has been settled, but the men refuse to return to work until next Tuesday. They demanded wage increase from 23 1-2 to 27 cents an hour but compromised with the company.

Many of the laborers are Hungarians. They observe the old country water day custom of throwing water upon all the women of their nationality the Monday after Easter in evidence of spiritual and physical cleansing during lent.

GOVERNOR IN NEWARK TODAY. A SHORT TIME.

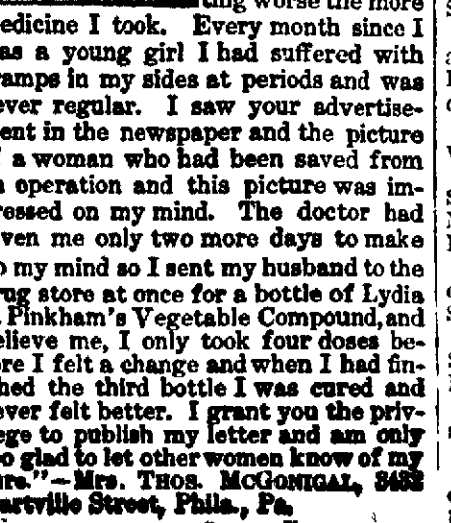

Governor Frank B. Willis, Ohio's chief executive, was a Newark visitor for about 15 minutes this morning, when he stopped off here to change cars for Columbus. The Governor was enroute from Springfield, O., to the capital.

He arrived here on Baltimore and Ohio train No. 16 and left for Columbus on train 107. He was accompanied by two men and only a few of the passengers at the depot recognized in the tall, heavy man wearing a long dark overcoat and a large black slouch hat, Ohio's chief executive.

WOMAN GIVEN TWO DAYS

To Make Up Her Mind for Surgical Operation. She Refused; Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I only took four doses before I felt a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 5633 Hartsville Street, Phila., Pa.

CANAL PLOT

SAID TO HAVE BEEN RECEIVED BY GERMAN HELD BY UNITED STATES.

Von der Goltz Secret Agent, Becomes Witness in Case to Avoid Being Shot, He Says.

(ASSOCIATED PRESS TELEGRAM)

New York, April 21.—Horst von Der Goltz soldier of fortune and secret agent, whose statements of details of the plot to destroy the Welland canal was made public by the British government last night, is now detained at the Ellis Island immigration station here. He was brought here from Liverpool on March 28 in the custody of a Scotland Yard detective with the understanding that after he had made his statements to a federal officer or a grand jury he should be returned to England to be detained as a war prisoner until the war is over. Soon after arriving here he was taken before the United States district attorney and it was said that he revealed to the federal officer most of the details of the canal plot.

Von der Goltz is about thirty-two years old and looks younger. While on his way from England to this country he said that he was a witness in the canal plot because he believed this was his only alternative to death. If he refused to testify, he said, he expected to be taken back to the Tower of London and shot.

According to his story, he was a captain in Carranza's army in Chihuahua in June, 1913, when he was arrested by General Mercado and sentenced to be shot. Three times Von der Goltz said, he was placed against a wall for the firing squad but each time was taken back to prison. Eventually he was released upon demand of the German consul. He then went to Los Angeles, where in November, he says, an attack was made upon his life. He returned to Mexico and took part in the battles of Torreon, Ojinaga, San Pedro and Zacatecas. Just before the European war began, he said, the German consul at Chihuahua sent him to Washington where he met Captain von Pape.

Von Der Goltz is in the custody of the department of justice.

LABORERS WANT INCREASE. Cleveland, April 21.—Police were called twice early today as a result of trouble with the plant of the Cleveland Hardware company on Kinsman road, following a walk out of more than 400 laborers who demand an increase in wages.

Spring Fever?

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite. It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Doctor Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

The bad blood is driven out! It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.

What Our Neighbors Say?

Dayton, Ohio.—"I have used 'Golden Medical Discovery' for a spring tonic and found it just as represented. It proved a blood purifier and I was well satisfied and was glad I used it. It is a fine medicine and I am glad to recommend it."—Mrs. MARY SCHUMACKER, 431 Oak Street, Dayton, Ohio.

Dr. Pierce's Pleasant Pellets. Smallest, easiest to take. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks and Derangements of the Liver, Stomach and Bowels.

WOUND PROVES FATAL.

(ASSOCIATED PRESS TELEGRAM) Springfield, O., April 21.—Clarence Green, 22, of Pleasant Hill, Ohio, died last night from a bullet wound in the abdomen received several days ago while standing in a stable in London, Ohio. Albert and William Henry were shooting rats and one of the bullets struck Green.

HONOR MAN AT SING SING IS NOW AT LARGE.

(ASSOCIATED PRESS TELEGRAM)

Ossining, N. Y., April 21.—Peter Cullen, a sergeant at arms of the Mutual Welfare League, the self-government organization which Thomas Mott Osborne founded at Sing Sing, has escaped from the prison, it became known today. Possessing unusual privileges, because of his honor position, Cullen was able to obtain an overcoat, which hid his prison suit and he walked out the front door.

Cullen was one of the picturesque figures of the Mutual Welfare league. He was married in the prison last August to a New York girl with a convict as best man, a wedding banquet being held in Osborne's dining room. He was serving an eight-year term for burglary.

MATIN SERVICE AT ST. PAUL'S WELL ATTENDED.

The Good Friday Matin service at St. Paul's Evangelical Lutheran church this morning was exceptionally well attended. The beautiful Matin service of the Lutheran church was used to the great spiritual uplift of all present. The Matin service on Good Friday is each year growing in greater favor with the people. Many strangers were observed in the congregation visitors from other churches in the city. The pastor chose as the subject of his remarks, "Christ on the Cross." Considerable emotion was evident on the part of those present as the rehearsal of the Master's sufferings for the sin-cursed of earth was given. Many in leaving remarked the deep spiritual uplift which had been theirs from the service.

This evening at 7 o'clock in the Sunday school room there will be a brief preparatory service for those who expect to come to the Holy Communion on the Lord's Day.

At 7:30 o'clock in the church auditorium the newly vested choir will under the direction of Mr. Harter, leader and Miss Hattie Hagerstrand render Stainer's "The Crucifixion." This will be the first time that St. Paul's Choir has adventured to give so pretentious a work. But those who have heard the rehearsals have

been enthusiastic in their praise of it. A cordial welcome is extended to all lovers of sacred music to attend this service. A silver offering will be received for the benefit of the work of the Choir.

AMBASSADOR SEES PRESIDENT WILSON. Washington, April 21.—Viscount Chinda, the Japanese ambassador, conferred with President Wilson today over the provisions of the pending immigration bill which proposed to enact into law the so-called gentleman's agreement restricting the immigration of Japanese laborers. FREE LECTURES
ON HOMEMAKING

Miss Hanko Gives Cooking Lessons
in High School Auditorium
Next Week.

Much interest has been manifested in the Better Foods-Better Homes School to be put on here next week by the Advocate, and many inquiries are being made in regard to it. The following facts should be borne in mind by those planning to take advantage of this splendid opportunity.

1. The lectures and cookery lessons are free and every woman in the city is invited to attend them.
2. There will be a lecture each afternoon next week except Thursday and one on Tuesday evening at 7:45.
3. All of the foods prepared by Miss Hanko in her cookery lessons will be served to the women who attend her classes.
4. A number of pretty and delicious tea cakes will be given away at every session.
5. All of the recipes used by Miss Hanko will be included in the recipe leaflet which will be given to every woman attending the school or published in the Advocate.
6. The school will be held in the High School Auditorium.
7. Bring note books and pencils. Miss Hanko is going to suggest many useful points you will want to put down for future reference. There will be many questions you will want to ask this expert and these may be written out and handed to her at any time. She promises to answer every question cheerfully and as helpfully as possible. Miss Hanko's knowledge of housekeeping and cooking is very complete and it is likely she will be able to solve house-keeping and cookery trouble in Newark, if they are brought to her attention.

Cakes she bakes. The receipts for them will also be given away, as well as recipes for every dish prepared in Miss Hanko's cookery work here. These will make a very valuable addition to any woman's collection.

The buying of foods as well as their careful preparation will be taken up in Miss Hanko's talks. Most women who are really interested in their housekeeping enjoy the duty of marketing and Miss Hanko will offer suggestions by which this task may be made even more pleasurable. Instead of a burden a bi-weekly trip to market may become a recreation involving much of interest, a pleasant experience to be looked forward to.

Society

Mr. and Mrs. Harvey LeRoy Rietz of Chicago have issued invitations for the marriage of their sister, Miss Helen Marie Rietz to Mr. Earl Frederick Schuler, on Saturday evening, April twenty-second. The hours for the ceremony is 5:30 o'clock and a reception from 7 to 9 will be given at eighteen forty-two Byron street, Chicago. They will be at home after the first of June at 14410 N. Sacramento avenue, Chicago.

The Local Sewing club was entertained at the home of Mrs. Jacob Warner in Loudon street, Granville, April 19. After the business session the time was spent in sewing. A dainty luncheon was served by the hostess after which the club adjourned to meet with Mrs. Ora Warner, May 3rd.

Look for the Thalian Society's posters in the shop windows Saturday. Read them and learn of a treat in store for you.

Miss Ocie Clark was pleasantly surprised last evening at her home in North Pine street by the B. G. club and their guests. The evening was spent in various games and dancing, after which a dainty luncheon was served the following members and guests: Misses Ocie Clark, Marie Bourner, Violet Coss, Ila Bidle, Indus Dush, Hazel Niebel, Wilma Armstrong, Letty Hankinson, Clara Blaney, Vera Lane, Lucille Elliott, Vada Bowers. The event was a miscellaneous shower and the honor guest received many pretty gifts. A four course dinner was served, the appointments being in pink and white. A cluster of carnations caught with pink tulle centered the table and the candles were of pink and white. The favors were carnations, in the chosen colors.

Miss Yates' guests were Miss Evelyn Canfield, Mrs. Carl Nutter, Mrs. Blanch Canfield, Mrs. A. Edwards, Mrs. M. Yates, Misses Ida Linden, Lottie Linden, Esther Graef, Louise Kuster, Ethel Haynes, Nelle Frenier, Clara Copeland, Olga Johnson, Helen Ballerstedt, and Mary Louise Edwards.

On Monday evening Miss Pearl Pinkerton entertained a party of young people at her home in West Main street with a birthday party. The color scheme was pink and white. The evening was spent in music and games.

One of the most pleasing features of the evening was the finding of the diamond ring and thimble in the birthday cake. Miss Bernice Heaton found the ring and Miss Mable Wells the thimble.

At a late hour a dainty three-course luncheon was served to the following: Misses Carol Wyeth, Mary Rosel, Bernice Heaton, Nettie Campbell, Clara Bragg, Desha Kinney, Pearl Spears, Oma Martin, Marie Wells and Pearl Pinkerton. Messrs. Harry Darringer, Leland Korb, Marion Beaumont, George Mayer, Eddie Parker, James Trittipo, Hugh Conn and Frank Campbell.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

JOHN J. CARROLL

FRANKLIN

This community was shocked Monday to hear of the sudden death of D. W. Drumm of Pataskala. Mr. Drumm formerly lived here where he was well and favorably known. His mother, and two sisters Mrs. Lizzie Hoskinson and Mrs. Herbert Greigg still live here. The funeral was held at Ellis Chapel, Wednesday morning and was largely attended.

Miss Sarah Fry, who returned to her home here last week, was again taken back to the home of her niece

Mrs. Henry Brown of Newark, her condition not having improved any.

Measles have broken out here, and a large number of children and young people have been exposed to them.

Services at the Lutheran church each night this week except Saturday at 7:30. Communion services Sunday at 10:30 a. m. No evening services.

The school exhibit of this township was held at the township hall Tuesday. The display of school and other work was very creditable, due

to the careful work of Supt. Zwyer and his force of teachers. Owing to the outbreak of measles the attendance was not very large.

Mrs. Sevilla Parr spent several days last week with her sister-in-law Mrs. Elizabeth Osburn of Vanatta.

Oliver Williams is sawing out the frame for a barn for J. B. Watson, which he will erect at once.

Miss Maud Tavener spent Saturday and Sunday at the home of her brother, Melvin in Newark.

Read the Wants tonight.

EASTER SHOES
STREAM IN BY EXPRESS

New boots and pumps have been coming in fast this week. Some of the styles are the first of the kind to be shown anywhere—the first to be cut under new patterns or made over new lasts.

Our ladies' window is well worth a second look. You will see a variety of new Colonial boots, Colonial pumps with new-shape buckles and tongues, cut-out pumps and two-tone boots. Nearly every style shown is a beautiful novelty.

Duck Season Ends.
The open season for wild duck, wild goose brant or other wild water fowl closed yesterday. That is the Ohio open season ended, for the federal laws prevented spring duck shooting and as a consequence but very few of the toothsome birds found their way to the table, as

game wardens, many of them at least, sent to Washington and received commissions as federal wardens, their only compensation being money which could be collected from fines secured from hunters whom they arrested for a violation of the federal statute.
Rushing the Work.
Messrs. Debnach and Fisher, lessees of Buckeye Lake Park, are rushing the improvements at that popular resort in preparation for the park opening which is to take place shortly. They now have sixty-five employees, carpenters, electricians and laborers working day and night and the handsome park is certainly a hive of industry. The overhauling which the park and Glass place has received will be very noticeable to all patrons of the Buckeye Lake resorts.
At Central City.
The Sunday school in the Central City chapel meets every Sunday at 2 p. m. The "Reds" and the "Blues" are earnestly engaged in a friendly contest to see which side can make the better showing. The losers are to give the winners an evening's entertainment. Non-members are cordially invited to join the school. Rev. S. W. Hamblen, of Granville, will conduct the preaching service next Sunday at 7:30 p. m. He is hoping for a large attendance.
Regular Services.
There will be regular Sunday morning and evening services at Woodside Presbyterian church from now on. Rev. D. A. Greene, pastor.
New Chocolate Dipper.
The Sparta Confectionary store in the North Side, has installed a chocolate candy dipper machine, that will give employment to four men and will dip 1800 pounds of candy per day. With the acquisition of the new machine, the Sparta is now in a position to engage in the manufacture of candy on a larger scale.
Public Library Benefit.
"Alice in Wonderland" will be given as a public library benefit by the Thalian Literary society of the high school on May 5. Two years ago the Thallians gave "Cranford" for the benefit of the library.
Changes Business Location.
Dr. G. W. Bourne, dentist, who has occupied offices in West Park Place, has moved and has taken the suite of offices over the Sperry-Harris company, 12 1-2 North Park Place.
Had Fine Sport.
Samuel E. Alban, manager of the Stewart Bros. & Alward store, and the Rev. M. R. White, spent the afternoon at Buckeye Lake and enjoyed some excellent fishing, catching a splendid string of croppies. Both gentlemen are lovers of the piscatorial sport and are experts in landing the different species of game fish.
Fish Are Biting.
The fish are taking the lure this spring in a manner that brings thrills to the disciples of Isaak Walton. Daily catches are being made at the lake by all who try their hand at the sport. The croppies, Lake Eries, sun fish and catfish are biting in splendid shape while many good catches of perch are reported. Casting experts have had the real thrillers and a number have been landed that tipped the scales at over five pounds.
Deserves the Belt.
The City Drug Store is exhibiting a photo of H. H. Meek of Cambridge, O. and in front of him is shown a string of five black bass which were caught at Buckeye Lake and whose combined weight is 26 1-2 pounds, the five averaging within a fraction of five and a half pounds each. Mr. Meek is certainly entitled to the belt up to date.
Season Near End.
The bass season closes April 30, one week from 3 nday, and bass can not be taken after that date until June 1. No person is allowed to catch more than 12 bass in the inland waters of the state, nor more than forty blue gills in any one day, or catch or have in his possession a black bass less than ten inches in length or a calico or strawberry bass or rock bass less than five inches in length.
Fish Car Arrives.
Col. W. C. Wells and a committee from the Licking County Fish and Game Protective association, left at noon today for Avondale, where they will meet the state fish car and secure a supply for Buckeye Lake. Most of the fish for distribution this trip will be perch, but the state has promised to send a bountiful supply of bass and other fish later on.
Scholars Easter Market.
The pupils of the Eighth grade of the Woodside school will have a stand in the Peoples' Market house tomorrow where many useful things as well as Easter novelties can be purchased. There will also be many nice things for the Easter table. The money made by the pupils will be used for a class memorial.
Cottage Prayer Meeting.
The union cottage prayer meeting will be held at the home of Mr. Anson Davis, 426 Eastern avenue, this evening at 7:30. Everybody invited.
Dr. Ned Miller to Move.
Dr. Edwin Miller will move his dental offices from 47 Union street to the Hunter-Baker building, May 1.
Fight Tickets on Sale.
Two hundred reserved and general admission tickets for the Gulart-Geyer fight at Columbus Monday night, went on sale at a number of Newark business houses this morning. That a large crowd of Newark fans are going to Columbus Monday night to see Gulart and Jimmie Wells of this city, in action, was shown by the heavy sale of tickets a short time after the pasteboards were placed on sale. Tickets can be secured at the following places: Atherton's Cigar store, Tuescher barber shop, Pastime Bowling Alley, McDaniel Restaurant, Sandy Murphy's "Smokehouse" in Union street, Woolco's pool room, in East Main street.
O. C. Larason Appointed.
Prof. O. C. Larason has been appointed by Governor Willis a delegate from Licking county to the 43d annual session of the National Conference of Charities and Correction, to be held at Indianapolis, Ind., May 1-17, 1916.

SPRINKLER AGAIN SAVES RUGG PLANT FROM SERIOUS FIRE

For the third or fourth time within the past few months, the automatic fire sprinkler system of the Rugg Hatter Factory saved that industry from a disastrous blaze shortly after midnight this morning when fire started in a ware room where a quantity of hemp was stored. Before the blaze had progressed far, the sprinkler system went to work and when the fire department arrived there was little work left for the firemen to do. Lines of hose were stretched but no water was thrown, the firemen using buckets to extinguish what remained of the fire.
The apparatus from headquarters responded to the alarm alone, there being a hitch in communicating with the other houses. The services of the other firemen were not needed.

TIFFIN APPEALS FOR FEMALE HELP
(ASSOCIATED PRESS TELEGRAM)
Tiffin, O., April 21.—Tiffin industries need approximately 200 women and girls to overcome the shortage in the candy, glass, stockfoot, glove, mitten and underwear factories according to an appeal made to the chamber of commerce today. Because of the lack of female help here, merchants, claim several manufacturers turned their back on Tiffin during the last year.

WM. H. FOUTZ IS OUT VERY STRONG FOR NERV-WORTH

Tells of Wonderful Benefits
Derived From Its Use.

This widely known and highly respected Zanesville resident's Nerv-Worth message will be read with keen interest not only by his friends in the city, but also by a great many in southeastern Ohio where he is universally known also. To a Nerv-Worth representative a few days ago Mr. Fouts stated that he contracted a severe cold last fall which he was unable to shake off. He became very weak and nervous, had pains in stomach and left leg, could scarcely get about the house, was dizzy at times and very much worried and debilitated. At length Mr. Fouts took one bottle of Nerv-Worth. Let him tell about the results in his own words:

"Nerv-Worth worked wonders for me at my advanced age. Am still taking it and firmly believe it will restore to my usual health, as my stomach is improved, my digestion good and I sleep and eat well. I am very much encouraged."

In source and character this is a telling statement. It is of especial import to aged sufferers, giving new proof of the claim that Nerv-Worth is the best of all up-builders for ailing old folks.

Your dollar back at the T. J. Evans drug store, Warden Block, if Nerv-Worth does not help you. 4-19-21 (Adv.)
